

Close The Gap

Senior Transition & Coordination Services — Pricing Guide

Updated August 2026 · Nashville, Tennessee

Thank you for considering us for this next chapter. We support families through every part of a senior's transition — legal, financial, physical, and emotional — so you can focus on what matters most: your loved one.

À La Carte Services

RN Care & Health Coordination — \$125 / hour

Skilled, compassionate support from a licensed Registered Nurse — your family's advocate inside the healthcare system.

- Every visit is provided by a licensed Tennessee RN — skilled, professional-level attention to your loved one's health.
- We start with a full assessment of your loved one's health and needs, then check in regularly to catch and respond to changes early.
- We review and organize medications — reconciling prescriptions and walking you through the plan so you know what to expect, and which symptoms should prompt a call to the doctor.
- We accompany your loved one to medical appointments and translate physician orders and discharge instructions into plain language.
- We coordinate between primary care, specialists, and therapists so nothing falls through the cracks between providers.
- We document everything — clear, consistent notes on health and progress, maintained in a personal health record.

Bundle clients receive our preferred rate of \$110/hour.

Assisted Living Placement — \$1,500 flat fee

Finding the right community is one of the most important decisions in this process — and we work only for you.

- A comprehensive needs assessment covering medical, social, financial, and personal care requirements.
- Research and recommendations matched to your loved one's needs, preferences, and budget — with comparative information on services, costs, and availability.
- We schedule and accompany you on facility tours, coordinate with admissions staff, and support the application and move-in process.

Our fee-only promise: we accept no referral fees, commissions, or compensation of any kind from any facility. Unlike “free” placement agencies — which are paid by the facilities they recommend — our only client is you, so our recommendations are based solely on what's right for your family.

Financial Management — \$1,000 onboarding + monthly fee

We take the day-to-day stress out of managing money, so bills are paid on time and your loved one's finances stay organized, safe, and easy to understand.

- **Getting started (\$1,000 one-time onboarding)** — we set up accounts, configure payment tools like debit cards, and build a clear process for what gets paid automatically and what doesn't. Before any funds move, we work with you and legal counsel to put the proper written authorization in place.
- **Ongoing management** — bill pay oversight, account monitoring with alerts for anything unusual, and a weekly statement review and update so you always know exactly where things stand.

The monthly fee scales with account activity, so you only pay for the complexity involved:

Monthly fee	Accounts & activity
\$150 / month	1 bank account, fewer than 50 transactions/month
\$300 / month	Multiple accounts, 50–100 transactions/month
\$500 / month	Multiple accounts, 100–200 transactions/month
\$750 / month	Multiple accounts, 200+ transactions/month

Decluttering / Resale — from \$700

Whether it's one room or an entire home, we manage the sorting, selling, and donating — placing items with a hand-picked network of Nashville-area auction houses and boutique resale shops so they find the best home and the best price.

- **Basic Declutter Package — \$700 flat fee.** Up to 4 hours of hands-on sorting and organizing, plus guidance on where to donate items you're ready to part with. This price covers everything.
- **Declutter + Resale Starter — \$1,000 + 20% commission on items sold.** For one room or living space: we sort, list, and sell items through our trusted local partners, arrange transportation or shipping, and handle donations.
- **Full-Service Declutter + Resale — \$2,800 + 20% commission on items sold.** For a whole home or multiple rooms, managed from start to finish.

You stay in control — you decide what's sold, donated, or discarded. The 20% commission applies only to items that actually sell; the flat package fee covers our coordination regardless of outcome.

Moving Coordination — \$700 flat fee

Moving day is hard enough without juggling logistics — we coordinate your move from start to finish, working directly with the moving company. Simple, transparent billing: you pay the movers directly for their services; our flat fee covers the coordination.

Attorney / Legal Referral — \$300 flat fee

Legal paperwork is one of the most stressful parts of a transition — we connect you with an attorney we trust and personally manage the coordination: scheduling, document gathering, and follow-up. You pay the attorney directly for their legal services; our flat fee covers the referral and coordination only.

Bundle & Save

Most families need more than one service during a transition — these packages combine our most-requested services at a discount. All bundle clients also receive our preferred RN rate of \$110/hour (regularly \$125) for as much or as little care as your loved one needs.

Getting Settled Bundle — \$1,950

Regularly \$2,200 — save \$250. Assisted Living Placement (\$1,500 value) + Basic Declutter Package (\$700 value). Best for families who need help finding the right community and clearing out a space before the move.

Full Transition Bundle — \$3,400

Regularly \$3,800 — save \$400. Assisted Living Placement (\$1,500) + Attorney/Legal Referral (\$300) + Financial Management Onboarding (\$1,000) + Declutter + Resale Starter (\$1,000). Best for families who want finances, legal setup, placement, and a room cleared — handled at once. Financial Management's monthly fee and the 20% resale commission continue per the schedule above.

Complete Care Bundle — \$4,000

Regularly \$4,500 — save \$500. Everything in the Full Transition Bundle plus Moving Coordination (\$700 value). Our most comprehensive option — the entire transition, from legal and financial setup through move-in day, coordinated end to end, with preferred-rate RN care available whenever you need it.

Concierge & Ad Hoc Services

Errands, pickups, deliveries, and one-time personal tasks are available on request, billed at an hourly rate based on task complexity, plus mileage and expense reimbursement. Ask us for details.

Prices subject to change. Please contact us for a personalized quote and service agreement.
